Please complete and return this questionnaire. My responsibility as a breeder is the wellbeing of my puppies. This questionnaire has been compiled to assist me with placing the right puppy with the right family. By filling in this questionnaire it will help me receive some basic, but necessary information, to aid in my decision of the sale of any of my puppies to an individual or party who is interested in adding a Cocker Spaniel to their family. Bringing a Cocker Spaniel pup into your home is a lifetime commitment. Please keep in mind, this breed can be very active and will leave fur in your house and garden. Without training, it may dig holes, howl and or bark, it will chew things it should not. The Cocker Spaniel is also a very loyal and intelligent breed and if trained correctly, will be an amazing part of your family and a best friend for life! I am looking for those who understand or have a willingness to learn the needs of a Cocker Spaniel and therefore I ask you to answer as honestly as you can. My promise to you is all information shared is kept confidential. You may find some of the questions confronting or intrusive. Please do not be overwhelmed by these questions. You are free not to answer these questions if you so wish, however please understand I am also free not to sell you a puppy. My puppies are of utmost importance to me and by completing this questionnaire, is a step in the process to acquiring a puppy from me. However, by filling in this questionnaire it does not automatically guarantee a sale. Whilst it is unlikely, the breeder reserves the right to refuse any placement at any time. Puppies will be registered with Dogs Qld "Limited register" (This means no showing or breeding; however, Cockers are well known for their fantastic abilities in Obedience, Agility, Lure Coursing, Tracking, Track & Search, Rally O, Scent Work, Flyball, Dancing with Dogs, Endurance and Trick Dog and of course the best family pet). If I find you to be a suitable home to puppy match, your puppy will be ready to go home with you at eight weeks of age. Puppy will come with its first vaccinations, wormed, microchipped, parents are DNA tested for PRA FN EIC BHFD PFKD AON AMS. All DNA, pedigree and hip scoring documentation known by the breeder can be made available. Puppy will also be sent home with a puppy pack from myself and Royal Canin plus a 4kg Medium Puppy Dry Food which shall be organised prior to puppy leaving. Please note if you are deemed successful in an application for a Brayroan puppy – a sales agreement will apply and will be forwarded to you for your perusal, prior to your commitment to purchase a puppy. Only upon agreement of all terms and conditions will the sale proceed. Thank you for your honesty.
